ORDER YOUR COMPLIMENTARY GUIDES NOW!

Become a partner of the Louise H. Batz Patient Safety Foundation. Together we can educate the patient and the family on the importance of becoming involved in their healthcare.

By partnering with the Batz Foundation and providing vital feedback, hospitals can help gather the knowledge to learn everything we can about patient safety. To receive the Batz Guide Care Package free of charge, tell us what your patients, families and caregivers think after they use The Batz Guide.

CHOOSE FROM FOUR BATZ GUIDE PARTNERSHIP OPTIONS

Please keep in mind, large orders will take up to six (6) weeks to receive.

Please contact your Batz Foundation Representative Mason Stark at mason@louisebatz.org to place an order.

Thank you for partnering with The Batz Foundation in an effort to keep patients safe!
200 BATZ GUIDES FOR HOSPITAL IMPLEMENTATION

(Complimentary Batz Guides)

The Batz Guide Partner Kit will include:

THE MISSION

The Mission of the Louise H. Batz Patient Safety foundation is to help prevent medical errors by ensuring that patients and families have the KNOWLEDGE they need to promote a safe hospital experience for their loved ones, and to support innovative advancements in patient safety. Our greatest hope is that families, patients, and caregivers will work together as a TEAM to improve safety in our hospitals.

In Memory of Louise H. Batz

"Creating a team environment for patient safety should be a priority for us all. When staff see patients or family members writing notes down, it is a wonderful opportunity to have an open, honest conversation about the care being provided and make sure that there aren’t any questions. I reinforce to staff that note-taking isn’t a bad thing, it just means that the patient or family are engaged in the care process and we need to embrace that care partnership. Having a trusting relationship with nurses sets the tone for a great experience and great outcomes."

Amy Lyons, RN, BSN, ONC
North Central Baptist Hospital, Baptist Health System

“As an RN Navigator, working with orthopedic patients for a long time, I am in awe of the work that Laura Townsend and the Batz Foundation have done, and continue to do, to improve care for our orthopedic patients. Laura and her team are true advocates for safe patient care. I am continually touched and amazed by the Foundation’s generosity and unfailing efforts to make patients more informed, thus better prepared to be their own self-advocates when coming into the hospital environment.

Laura is incredible to work with, she is positive and passionate about this great cause, and I have enjoyed getting to know her through this process.

I am thankful the Batz Foundation chose to work with the Bone & Joint Program at Seton Medical Center Austin.”

Elise Matocha BSN, RN, ONC
